

Intelligence Studio Terms and Conditions

November 1, 2025

Your use of the Gamma Technologies, LLC (“GT”) product, Intelligence Studio is governed by these terms and conditions (“Terms”). By accessing and using Intelligence Studio, you acknowledge and agree to the terms found herein, last updated on the date listed above. You are accepting this Agreement on behalf of your company, government, university, or other entity and are binding that entity to the obligations found in this Agreement and must be authorized to do so. GT may revise these Terms at any time at its sole discretion; by continuing to use Intelligence Studio, you acknowledge and agree to these changes or updates.

1. Usage and Privacy

- **Customer Data Ownership:** All input you provide to Intelligence Studio, including but not limited to human readable text, prompts, coding language/functions/expressions, questions, and responses (“Input”) remain your property. GT does not claim ownership of your Input. As such, you are solely responsible for the Input, including ensuring that it does not violate any applicable law or the rights of others.
- **Allowable Input:** Input should not include any materials that:
 - infringe, misappropriate, or violate any third party rights or applicable laws;
 - include personal data, defined as information of an identified or identifiable natural person;
 - contain information or technical data that is US Government Classified, Controlled Unclassified, International Traffic in Arms Regulators, or Export Administration Regulators controlled material, or has otherwise been determined by a government to require protection against disclosure.
- **Output:** Information provided by Intelligence Studio as a result of your Input shall be deemed “Output”. Due to the nature of the technology, the use of Intelligence Studio may produce inaccurate or incorrect Output. Output is not tested, verified, endorsed, or guaranteed in any way by GT. Please review and confirm all output to determine its sufficiency and suitability for any use case or application. GT disclaims all liability and responsibility for any decisions made by you with regard to the Output.
- **Prohibited Uses:** You will not and will not attempt, nor allow any third party to or attempt to:
 - reverse engineer, decompile, disassemble, or decode any part of Intelligence Studio;
 - manipulate Intelligence Studio to avoid technical controls;
 - make Intelligence Studio and/or its Output available to any third party other than the licensed user.Any such use or any breach of these Terms in any way may result in the revocation of access to Intelligence Studio.
- **No Public Model Training:** GT will not use the Input or Output to train or fine-tune any public facing AI models.
- **Data Retention:** User interactions may be retained for quality assurance and troubleshooting. Data will be stored securely and handled in accordance with applicable data protection laws.
- **Platform:** Intelligence Studio is built using AWS. Your use must also comply with [AWS Responsible AI Policy](#).

2. Customer Protections

GT is committed to protecting your data and ensuring responsible AI usage. The following safeguards are in place:

- **Data Security:** GT encrypts all data in transit and at rest. Access to data is restricted to authorized personnel only.
- **Data Deletion Requests:** You may request deletion of your data at any time. GT will comply with such requests in accordance with applicable laws and contractual obligations.
- **Data Storage in Trusted Platforms:** GT may store customer data in secure, enterprise-grade platforms that are hosted by approved data subprocessors, as referenced in GT’s Processor Data Processing Agreement, accessible [here](#).
- **No Sharing with Third Parties:** GT will not share customer data with third parties (with the exception of approved subprocessors, as stated above) without explicit consent, except as required by law or with the express written consent of the customer.

3. Warranty Disclaimers, Limit of Liability

- Intelligence Studio and all Output is provided “As Is” and any and all express or implied warranties are expressly disclaimed. GT provides no warranty regarding completeness, accuracy, non-infringement, or reliability of Intelligence Studio or any Output. Any action you take with regard to the Output is solely at your own risk. In no event shall GT be liable for any direct, indirect, incidental, special, exemplary, or consequential damages however caused and under any theory of liability, whether in contract, strict liability, or tort arising in any way out of the use of Intelligence Studio or the Output, even if advised of the possibility of such damage.
